

JAN 27 REC'D

25 Saratoga st.

Dear Sirs,

Time after time I had read about the F.A.O. and the job they have been doing. Until I joined the A.N.A. I had no idea of what I could do to stress this extremely important point.

When I read about the F.A.O. and the A.N.A. getting together for National Coin Week I thought there was something I could do to help. It stated in the article that details for promoting National Coin Week will be available from you.

My question is - what can a 13 year old boy do to help?

Thank you,
Stan Reides J-61532

P.S. Please send a copy of the A.N.A. charter and by-laws and library catalogues. I haven't received these.
